

Dr. Jean-Louis Bertrand has over 10 years of experience in Corporate Weather Risk Management. He leads an international Research Initiative on Climate Variability and Economics with ESSCA and ILB in Paris. He co-founded Meteo Protect in 2011, where he directed R&D activities until last year, and contributed to the creation of Metnext, where he was a consultant between 2007 and 2011. Prior to weather risk management, he managed market risks as treasurer for Levi Strauss & Co and CarnaudMetalbox, and worked in banking as a sales and trader on foreign exchange and interest rate markets. He is a member of the Weather Risk Management Association and various European Treasurers' associations.

Dr. Jean-Louis Bertrand has published books and book chapters on corporate weather risk management, as well as research articles in leading academic journals. He holds a PhD, an engineering degree and an MBA.
